IMPORTANT DATE:

Last Date for Registration:15th Dec 2018

Greetings from IQAC, Queen Mary's College (Autonomous), Chennai, Tamilnadu

We are happy to invite you to a Workshop on Research Methodology Update on the 4th and 5th January 2019, at Queen Mary's College (Autonomous), Chennai 600 004

About Queen Mary's College

Queen Mary's College is an innovation with over 100 years of experience in empowering women, exploring knowledge and rendering expertise in various disciplines. The college began functioning in 1914 as Madras College for Women with 33 women students, renamed as Queen Mary's College in 1917 and has now enrolled over 4000 women students, with due recognition as a premier Government Institution within the State of Tamil Nadu. As a lead institution with the motto of 'Commonsense and Consideration', the college primarily serves to cater to students from economically and socially marginalized sections. The college has been re-accredited with the grade "A" by NAAC in 2015, and currently has 24 departments, which offers 23 undergraduate (Tamil medium in few disciplines), 18 Postgraduate, 13 M.Phil., and 10 Ph.D. programs.

About IQAC

The IQAC of Queen Mary's College is the quality guardian that strives to maintain standards in every aspect of academics and administration. It constantly works towards the realization of quality enhancement in teaching, learning, research and extension. Quality checks through periodic academic audits, preparation and submission of the Annual Quality Assurance Report, collection and analysis of student's feedback forms are the routine tasks undertaken by the IQAC. In addition special programmes to reach out to specific segments of the college such as orientation for freshers, stress management for administrative staff and study skills and motivation for underachievers, are among the many activities undertaken by the IQAC. For the teaching faculty A NAAC sponsored national workshop on Curriculum Design and Development and a seminar on Quality and Excellence in Higher Education were conducted to arouse quality consciousness in every aspect of higher education. Thus the IQAC plays an important role in stimulating every individual in the organization to work effectively and efficiently in pursuit of excellence in both academic and administrative endeavors.

About the workshop

This workshop aims at imparting the criterion for quality research and the use of modern statistical tools that analyze research data most efficiently. To meet this end the necessary expertise and resources are provided in this workshop for scholars pursuing research. On completion of the workshop the participants would develop the necessary skills to identify sampling techniques, comprehend the role and relevance of e- resources, plagiarism, and tools for data collection and analysis.

Objectives of the WORKSHOP

To expose the participants to contemporary research methodology

To learn sample selection that improves the quality of research

To design and structure methods of data collection that are error free and accuracy prone

To know the judicious and skilful use of e- resources that enrich the quality of research

To equip oneself with the knowledge of guidelines and norms that govern plagiarism and how to effectively avoid it.

To gain hands on experience in the use of R tool for accurate and efficient data analysis and interpretation

To provide an opportunity to researchers to present the problems related to research methodology faced by them in their current work

Potential Beneficiaries

Research Scholars, Research Associates and Faculty of academic institutions

Note to Participants

Participants are requested to carry laptops preferably with internet connectivity for the workshop

Registration kit , certificate, lunch and tea will be provided to the participants
