

## **ASSOCIATION REPORT 2021 - 2022**

Zoology association activities were initiated in the month of September 2021 . As a part of big butterfly month celebration, identification and distribution of butterflies in the Queen Mary's campus was done during "Butterfly walk" on 30<sup>th</sup> September 2021. Participants were excited and overjoyed to see the colourful flying jewels flipping from one flower to another in the campus. Celebration of "Wildlife Week 2021" was conducted as National level Quiz organized through online between 4 and 5<sup>th</sup> October. Students, researchers and staff all over India eagerly participated. To create awareness on cancer among the students of Queen Mary's College, a visit of cancer awareness bus was made on 5<sup>th</sup> April 2022. Students and staff visited the exhibition and gained knowledge on various types of cancer.
