

QUEEN MARY'S COLLEGE (AUTONOMOUS)

DEPARTMENT OF HOME SCIENCE

REPORT OF TRADE FAIR

07/01/2023 and 08/01/2023

The government of India under Prime Minister Narendra Modi spearheaded the United Nations General Assembly (UNGA) resolution for declaring the year 2023 as the "International Year of Millets" keeping this in view on 7th and 8th January 2023 at the trade fair, the Department of Home Science, Queen Mary's College, displayed different recipes made from millets to encourage the consumption of Millets and highlight the importance of Millets in a healthy diet. In addition students presented a skit on Cereals Vs. Millets to demonstrate the advantages of consuming millets and video presentation on preparation of a variety of recipes using millets. Many interesting games such pin wheel game, giant wheel game, match the flashcard were conducted to engage the visiting public of all age groups and learn through fun the health benefits, nutritional benefits and identification of the different Indian millets.

People visited the stall in large numbers and were excited with the interesting display of millet recipes, games and skit show. A lot of them showed keen interest in learning the millet recipes and trying them out, particularly working women.

Overall the display by the Department of Home Science was highly effective and successful in creating awareness about inclusion of millets on a daily basis for healthy living.
