

ABOUT THE INSTITUTION

Queen Mary's College is a pioneer institution in the task of empowering women through education. The institution was started in the year 1914 as Madras College for women. In over the span of 108 years, it has grown phenomenally from an intermediate to a tertiary level institution and to a full-fledged esteemed "NAAC-"A"grade" institution.

ABOUT THE BOTANY DEPARTMENT

Botany department with undergraduate (1966), post graduate (1994), M.Phil. (1996) and Ph.D (2006) is a full fledged research Dept. The department has excellent record and dedicated faculty members with doctorate degree who are specialized in various branches of Botany. The department conducts seminar, conference and workshops every year by inviting speakers from various places of India and abroad. As a highlight, the department has conducted a 3 days international conference on "Impact Of Physical Science On Biology" - 2011 and 2 days International Webinar on "Recent Trends In Bioscience And Biotechnology" in 2020 and 2 days International conference on "Bioinformatics and Biotechnology- current scenario and future trends" - 2022. The department has exhibited nearly 200 medicinal plants in the science city exhibition and in Higher Education stall at the Tamilnadu Government Trade fair for the past 10 years. Many of our research scholars have won the best paper awards and published articles in various reviewed journals.

ABOUT THE WORKSHOP

To promote basic research our department is organizing a two day seminar on 19 and 20 December 2024. Research is an integral part of science and technology. The new findings and innovative ideas has to be taken to the students both in the undergraduate and postgraduate level. The main aim of the workshop is to encourage students in basic research that includes plant anatomy and histochemistry.

OBJECTIVES:

- ❖ To create awareness about basic research and the importance of anatomical studies.
- ❖ To bring about interest on research ideas among UG and PG students.
- ❖ To encourage students to prepare permanent and semi permanent slides.
- ❖ To motivate the students for higher studies and research.

The participants can take away the slides prepared by them and lab manual with a payment of Rs. 300/= (Rupees Three hundred only). Lunch will not be provided.
